NOTABLE SKILLS :

- Overall very skilled repairman
- Learns new skills quickly
- Adaptable
- Does not easily complain, pulled himself up by his bootstraps as an orphan.

NOTES :

- Grew up an orphan in the Oven-District of Huldam.
- Used to be a member of the 'Smokey Paws' youth street 'gang'. Although Redd has not yet displayed signs of displaced loyalty to the Corporation, keeping an eye on deviant behaviour is advised.
- Barnabas' first job with the Corporation was that of a grease monkey when he was a child, perhaps he is able to teach other underage employees in the future.
- Barnabas has proved to be a loyal employee. Look to him when suspected plots need unraveling, as he will surely prove his loyalty to the Corporation time and again.
