Gauge:

Gauge is a bit trickier to use as this shawl is made in small parts.

These measurements should help to determine your gauge.

(make 31)

With the navy yarn and the 3.50 mm hook,

Make 7sc into a magic circle (I've demonstrated it in pink below as it's easier to see).

Do not pull the circle fully closed (7 sts) ch1 and turn your work to the reverse side.

Rnd 1: (1sc, inc) x 3, 1sc (10 sts)

Fasten off and leave a small tail.

Staying on the reverse side, join the blue yarn in the first stitch of **Rnd 1** (indicated with a pin below).

Join the blue yarn with a slst and make your first sc of **Rnd 2** in the same stitch.

Rnd 2: 3sc, inc, 2sc, inc, 3sc, now work 1dc, 2tr, 1dc into the centre of the magic circle

slst into the first stitch of **Rnd 2** (16 sts)

Fasten off and leave a small tail.

Now pull the magic circle tight.

Join the turquoise yarn in the first stitch after the slst (indicated with a pin below).

Join with a slst and make your first sc of **Rnd 3** in the same stitch.

Rnd 3: 4sc, inc x 2, 4sc, inc, 1sc, inc x 2, 1sc,

now inc into the same stitch as the last slst from the previous rnd (indicated with a pin below),

slst into the next stitch (22 sts)

Fasten off and leave a small tail.

Join the light purple yarn in the first stitch after the slst (indicated with a pin below).
Join with a slst and make your first sc of **Rnd 4** in the same stitch.

TIP: For this next round we will be using sc, hdc, dc and tr. When instructed to make an “inc” it will always be in sc. If the inc is with a hdc, dc or tr it will read hdcinc dcinc or trinc. The rest of the pattern will follow this same format.

Rnd 4: 2sc, hdcinc, dc, trinc x 2, dc, hdcinc, 2sc, hdcinc, hdc, 3sc, inc x 2, 3sc, hdc,

hdcinc into the same stitch as the slst from the previous rnd, slst into the next stitch (30 sts)

Fasten off and leave a short tail.

Join the dark purple yarn in the first stitch after the slst (indicated with a pin below).

Join with a slst and make your first sc of **Rnd 5** in the same stitch.

Rnd 5: 5sc, inc x 3, 6sc, inc, 4sc, inc, (1sc, inc) x 2, 4sc, inc,

1sc into the same stitch as the slst from the previous rnd, slst into the next stitch (38 sts)

Fasten off and leave a short tail.

Join the green yarn in the 24th stitch after the slst (indicated with a pin below).

Join with a slst and make your first sc of **Rnd 6** in the same stitch.

Rnd 6: 7sc,

ch2, then slst into the 2nd chain from the hook, sc into the next stitch on the rnd,

ch2, slst into the 2nd chain from the hook, sc into the next stitch on the rnd,

Carry on like this around the feather...

(ch2, slst into the 2nd chain from the hook, sc into the next stitch on the rnd) x 5,

(ch3, 2slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 3,

(ch4, 3slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 4,

(ch5, 4slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 3,

(ch4, 3slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 4,

(ch3, 2slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 3,

(ch2, slst into the 2nd chain from the hook, sc into the next stitch on the rnd) x 7,
now carry on and 7sc along the top.

Fasten off and leave a long tail for stitching (approximately 25/30 cm)

Take 10 of the feathers, tie the matching colour ends together, then weave in all the ends neatly.

For the other 21 feathers, triple tie the matching colour ends and trim then to approximately 1 inch.

Put all these to one side for now.

Plain feather sets

These will be added as you go and need to be connected together before you add them to the shawl base.

Use the blue yarn and the 3.50 mm hook

TIP - leave a tail of approx. 15 cm whenever you start and fasten off a feather.

Gauge

Use the first feather to determine your gauge.

Set 1

Feather 1 - ch14

Row 1: starting in the 2nd chain from the hook, 12sc back down the chain,

3sc into the last stitch,

twist your work around a bit and 12sc down the other side of the chain (27 sts)

ch1 and turn your work over so you are now working on the reverse side.

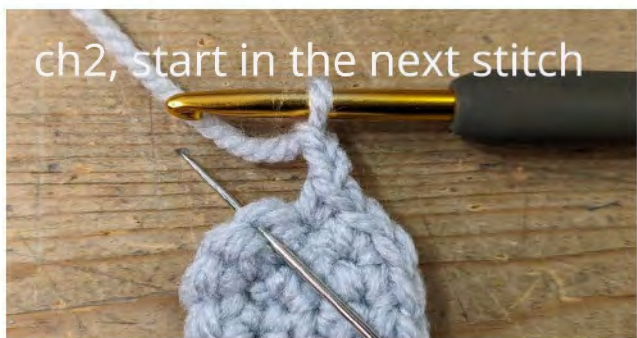

TIP - the start tail is always on the reverse side.

Row 2: 12sc, inc in the next 3 stitches, 12sc down the other side (30sts)

ch1 and turn your work to the right side.

Row 3: 13sc, inc, 1sc, ch2, 1sc into the next stitch, inc, 13sc (34 sts)

Fasten off and leave a tail.

Place to one side.

Feather 2 - ch14

Row 1: starting in the 2nd chain from the hook, 12sc back down the chain, 3sc into the last stitch, 12sc down the other side (27 sts) ch1 and turn

Row 2: 12sc, inc in the next 3 stitches, 12sc (30 sts) ch1 and turn

Row 3: 13sc, inc, 1sc, ch2, 1sc, inc, 7sc...**Stop Here!**

Count 6 stitches back from the end of **Feather 1** (shown by pin below).

Take **Feather 1** and line it up next to **Feather 2**.

Using only the outer loops of the stitches (circled above), join the feathers with 6slst.

Fasten off and leave a tail.

Set 2

Feather 1 - ch10

Row 1: starting in the 2nd chain from the hook, 8sc back down the chain, 3sc into the last stitch, 8sc down the other side (19 sts) ch1 and turn

Row 2: 8sc, inc in the next 3 stitches, 8sc (22 sts) ch1 and turn

Row 3: 9sc, inc, 1sc, ch2, 1sc, inc, 9sc (26 sts)

Fasten off and leave a tail.

Place to one side.

Feather 2 - ch10

Row 1: starting in the 2nd chain from the hook, 8sc back down the chain, 3sc into the next stitch, 8sc down the other side (19 sts) ch1 and turn

Row 2: 8sc, inc in the next 3 stitches, 8sc (22 sts) ch1 and turn

Row 3: 9sc, inc, 1sc, ch2, 1sc, inc, 4sc...**Stop Here!**

Count 5 stitches back from the end of **Feather 1**.

Take **Feather 1** and line it up next to the **Feather 2**.

Using only the outer loops of the stitches, join the two feathers with 5slst.

Fasten off and leave a tail.

Place to one side.

Feather 3 - repeat the feather size of **Feather 2** and the same slst joining process to join to **Feather 2**.

Feather 4 - repeat the feather size of Feather 2 and the same slst joining process to join to **Feather 3**.

Fasten off and leave a tail.

Set 3

Repeat the feather size and joining process of **Feathers 1-3** of **Set 2**.

Set 4

Repeat **Set 3**.

So you will now have 4 sets of feathers: 2 feathers, 4 feathers and 2 sets of 3 feathers. Put these sets to one side for now.

Forming the shawl

This will consist of a base layer which all the feathers will be added to as you go.

Reminder : When instructed to make an "inc" it will always be in sc.

If the inc is with a hdc or dc it will read hdcinc or dcinc.

With the green yarn, ch48

Row 1: starting in the 3rd chain from the hook, 46hdc back down the chain (46 sts) ch2 and turn, do this after every row until instructed otherwise.

Row 2-8: 46hdc

We are now going to start adding the feathers to the base.

Each feather will be joined starting at the 7th stitch back from the **fasten off**.

Use four of the feathers with their ends woven in for the next row.

Row 9: go through the first stitch of the feather then through the first stitch of the base layer and hdc to join, continue and join the rest of the feather with 6hdc,

6hdc through just the base layer, join the 2nd feather with 7hdc, 6hdc through the base layer, join the 3rd feather with 7hdc, 6hdc through the base layer, join the 4th feather with 7hdc (46 sts)

Row 10: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 11: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 12: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 13: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 14: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 15: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 16: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Stop here but don't fasten off.

Pin the 4 feathers to the base layer.

I find the process of stitching on the feathers a lot easier when it's done on a flat surface as it stops them moving about. This is a personal preference and it's entirely up to you how you do this.

Thread the tail end of a feather and go through the back layer.

Weave the end down to the bottom edge of the back layer.

Then use the tail to stitch the feather to the bottom edge of the back layer.

Stitch the sides of the back layer to the two outer feathers (indicated by the dotted lines below).

Weave in the start tail.

Back to the pattern...

Row 17: join a feather with woven in ends with 7hdc, 6hdc through the base, join the 2nd feather with 7hdc, 6hdc through the base, join the 3rd feather with 7hdc, 6hdc through the base, join the 4th feather with 7hdc (46 sts)

Stop here but don't fasten off.

Take the last feather and gather up the tied ends into the middle (circled below).

Pin the feather to the base with a couple of pins making sure you keep the ends in the middle.

Repeat for the other 2 feathers with ends.

Pin the feather with woven ends.

Starting with the first woven in end feather at the edge.

Thread the tail end on your needle and pick up a small stitch from the base layer just under the start of the feather (circled below in the first picture).

Then go through the green part of the feather roughly 1 cm along from the base stitch (circled below in the second picture).

Try and make your stitch to the base layer as small as you can, enough to secure the feather but not large enough to be seen from the back.

Go back through the feather with a small back stitch (circled below in the first picture), then go back into the base layer picking up another small stitch (circled below in the second picture).

Pull your stitches fairly tight to secure the feather in place but don't pull so tight that you pucker the feather.

Keep a close eye on your tension so the feather lies as flat as you can make it.

Come back through the feather roughly 1-2 cm along, then back to the base.

Carry on in this fashion until you reach the edge of the base piece.

Turn the whole thing over and stitch the edge of the base layer to the feather.

Weave in the end.

Now start on the next feather making sure the tied colour ends are still in the middle of the feather.

Stitch around the feather as you did with the first one but this time keep going until you reach the other end of the feather.

Go through to the back and weave in the end.

Repeat for the other 2 feathers.

Back to the pattern...

Row 18: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 19: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 20: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 21: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 22: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 23: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 24: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 25: join a feather with woven in ends with 7hdc, 6hdc through the base, join the 2nd feather with 7hdc, 6hdc through the base, join the 3rd feather with 7hdc, 6hdc through the base, join the 4th feather with 7hdc (46 sts)

Stop here but don't fasten off.

Stitch down all four feathers as you did for the last set of feathers.

Back to the pattern...

Row 26: 1dc, dcdec, 40dc, dcdec, 1dc (44 sts)

Row 27: 1dc, dcdec, 38dc, dcdec, 1dc (42 sts)

Row 28: 1dc, dcdec, 36dc, dcdec, 1dc (40 sts)

Row 29: 1dc, dcdec, 34dc, dcdec, 1dc (38 sts)

Row 30: 1dc, dcdec, 32dc, dcdec, 1dc (36 sts)

Row 31: 1dc, dcdec, 30dc, dcdec, 1dc (34 sts)

Row 32: 16dc, dcdec, 16dc (33 sts)

Row 33: join a feather with 7hdc, 6hdc through the base, join the 2nd feather with 7hdc, 6hdc through the base, join the 3rd feather with 7hdc (33 sts)

Stop here but don't fasten off.

Stitch down all three feathers as you did for the last set of feathers.

Back to the pattern...

Row 34: 16hdc, 14dc, dcdec, 1dc (32 sts)

Row 35: 16dc, 14hdc, hdcinc, 1hdc (33 sts)

Row 36: 17hdc, 13dc, dcdec, 1dc (32 sts)

Row 37: 16dc, 14hdc, hdcinc, 1hdc (33 sts)

Row 38: 17hdc, 13dc, dcdec, 1dc (32 sts)

Row 39: 16dc, 14hdc, hdcinc, 1hdc (33 sts)

Row 40: 17hdc, 16dc (33 sts)

Row 41: join a feather with 7dc, 10dc, 16hdc (33 sts)

Row 42: 16hdc, 14dc, dcdec, 1dc (32 sts)

Row 43: 13dc, join a feather with 3dc and 4hdc, 10hdc, hdcinc, 1hdc (33 sts)

Row 44: 17hdc, 13dc, dcdec, 1dc (32 sts)

Row 45: 16dc, 9hdc, join a feather with woven in ends with 5hdc, hdcinc, 1hdc (33 sts)

Stop here but don't fasten off.

From here onwards you can either stitch down each feather as you attach them or you can leave them all until the end. I found it easier to wait until the end so I could line them all up and pin in place before stitching, but it's entirely up to you.

Back to the pattern...

Row 46: 11sc, 9hdc, 10dc, dcdec, 1dc (32 sts)

Stop here but don't fasten off.

If you didn't stitch the feathers down as you went now is the time to stitch them all down.

Pin them down with the end tails tucked in as before or the woven in end feathers.

Once you're happy with their placement, stitch down to the base layer as before.

We are now going to start adding the 4 sets of plain feathers.

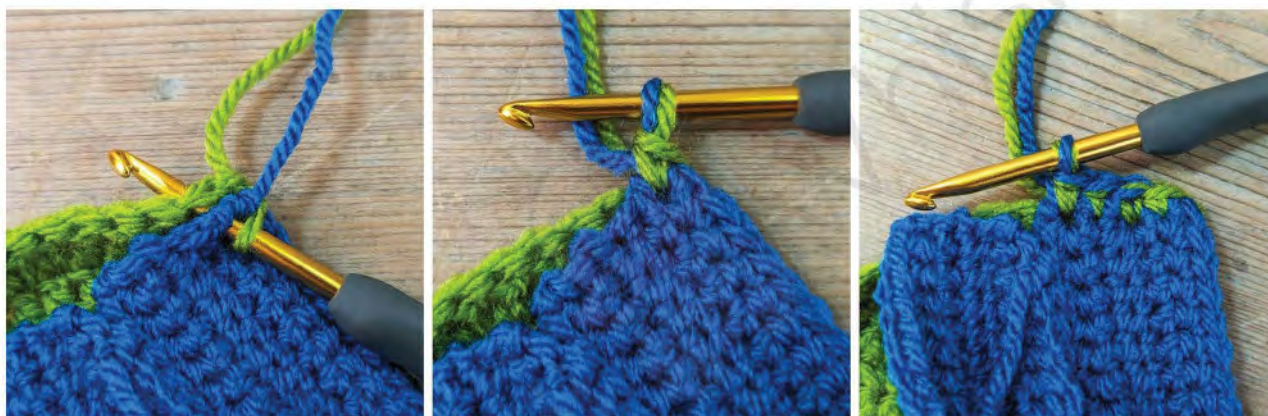

Set 1 will be joined to **Row 107** with 8sc.

You will need to make 4sc through each feather, spaced out as shown below.

TIP - use the blue tail ends along with the green ones to avoid weaving in the tails at the back.

Row 107: go through the first stitch of the plain feather and then through the first stitch of the base layer and sc to join them (use both the green and the blue tails together), join in this way for the next 3sc.

Go straight into the next feather. Drop the tail from the first feather and grab the tail from the new feather and join with 4sc.

Drop the blue tail and 1sc in the base, join an eye feather with woven in ends with 7sc (16 sts) ch1 and turn

Stop here but don't fasten off.

Pin the plain feathers to the base.

Starting with the outer feather, use the tail end to stitch the feather to the side of the base piece at the back.

Use the tail end of the other feather to stitch through the base then back through the feather.

Weave in the end through the feather back and forth.
Pin down the eye feather and stitch in place as before.

Back to the pattern...

Row 108-112: 16sc, ch1 and turn

Row 113: join **Set 2** of the plain feathers with 16sc as before (16 sts) ch1 and turn

Row 114: 16sc, ch1 and turn

Stop here but don't fasten off.

Pin and stitch the plain feathers to the base as before.

Stitch the edges to the base layer and stitch the end tails to the base layer and back through the feathers to weave in.

Back to the pattern...

Shaping the face

Thread your needle with a length of the blue yarn (demonstrated here in white to make it easier to see).

Go in near the front of the eye and straight through the head to the other side.

Go back into the head roughly a stitch away from where you came out.

Go through the head again and come out next to the eye near to where you initially went in.

Pull the yarn tight, moving the two sides of the head closer, then tie in a secure knot.

Repeat the process for the back end of the eye.

Weave in all the ends.

With the dark grey yarn to make two slip stitches around the top and one around the bottom of the safety eye.

Use the back of the head to hide your working as it won't be seen once the shawl is put together.

Face stripe

With the white yarn and the 3.00 mm hook, ch15

Row 1: starting in the 2nd chain from the hook, 1slst, 2sc, 2hdc, 2dc, 2tr, 1dc, 1hdc, 2sc, 1slst back down the chain (14 sts)

Fasten off and leave a tail for stitching.

Pin below the eye and once you're happy with the placement, stitch in place around the edge.

Weave in the ends.

Top beak and head piece

With the light grey yarn and the 3.00 mm hook

Make 4sc into a magic circle

Rnd 1: (1sc inc) x 2 (6 sts)

Rnd 2: inc in every stitch (12 sts)

Rnd 3: 12sc

Rnd 4: (3sc, inc) x 3 (15 sts)

Rnd 11-13: 27sc

Rnd 14: (8sc, inc) x 3 (30 sts)

Rnd 15-16: 30sc

Rnd 17: 1sc, 3hdc, 7dc, 3hdc, 1sc, leave the rest of the stitches unworked

The next bit forms the head piece and for this you'll need the bobble stitch.

Bobble Stitch

This is a demonstration of a 2dc BOB, it is not part of the pattern.

Start to make a dc in the next stitch but only make the first part of the dc.

DON'T yarn over again, leave the extra stitch on the hook.

So you have 2 loops on the hook (1).

Make another dc into the same stitch (as above) and you will now have 3 loops on the hook (2).

Now just yarn over and pull it through all 3 loops (3).

Sc in the next stitch and pop the bobble out towards the front (4).

Carry on with the pattern...

Change to the blue yarn.

We are now going to switch to working in rows, ch1 and turn, do this after every row.

Row 1: 15sc

Row 2: 1sc, 2dc BOB, (2sc, 2dc BOB) x 4, 1sc (15 sts)

Row 3: 15sc

Row 4: (2dc BOB, 2sc) x 5 (15 sts)

Row 5: 15sc

Row 6: 1sc, 2dc BOB, (2sc, 2dc BOB) x 4, 1sc (15 sts)

Row 7: 15sc

Row 8: (2dc BOB, 2sc) x 5 (15 sts)

Row 9: 15sc

Row 10: 1sc, 2dc BOB, (2sc, 2dc BOB) x 4, 1sc (15 sts)

Row 11: 15sc

Row 12: (2dc BOB, 2sc) x 5 (15 sts)

Row 13: 15sc

Row 14: 1sc, 2dc BOB, (2sc, 2dc BOB) x 4, 1sc (15 sts)

Row 15: 15sc

Row 16: (2dc BOB, 2sc) x 5 (15 sts)

Row 17: dec, 4sc, dec, 5sc, dec (12 sts)

Row 18: 1sc, 2dc BOB, (2sc, 2dc BOB) x 3, 1sc (12 sts)

Row 19: dec, 3sc, dec, 3sc, dec (9 sts)

Row 20: (2dc BOB) x 3 (9 sts)

Fasten off and leave a tail for stitching,

Rejoin the white yarn (leave a long start tail) at the end of **Row 19/20** (pictured below where the crochet hook is going).

Sc down the edge picking up stitches, until you reach the grey part.

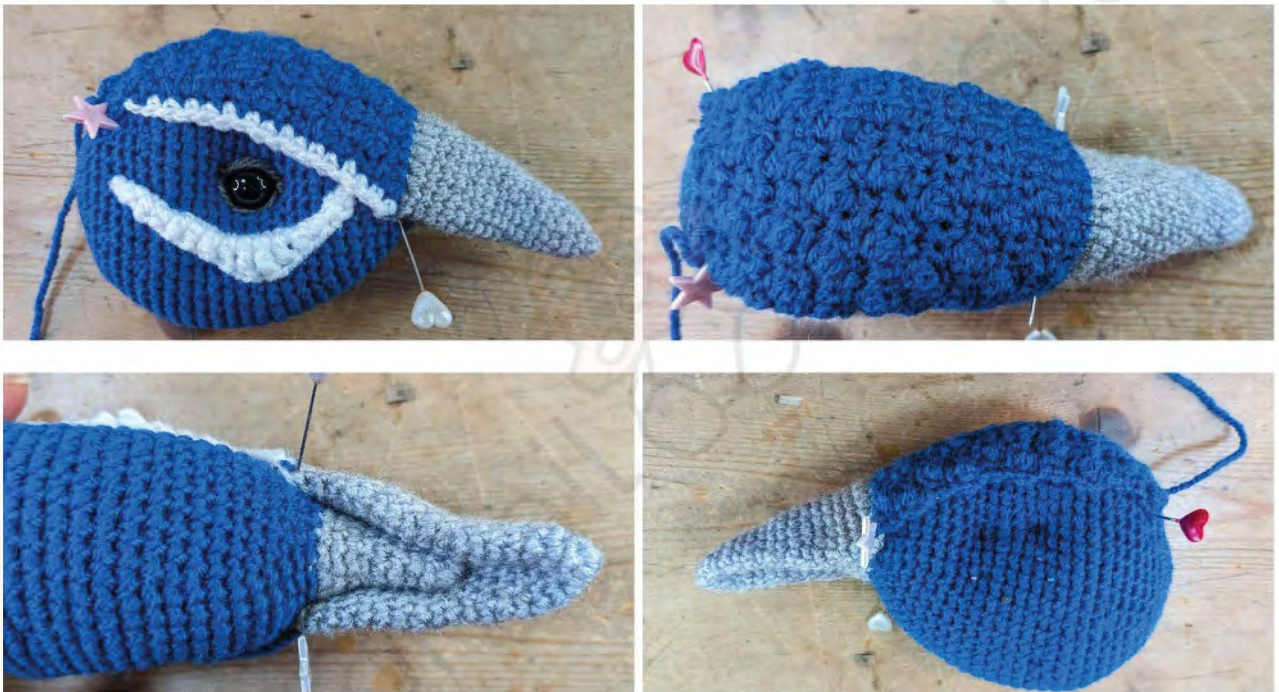

Fasten off.

Tie the grey, blue and white ends together and tuck them inside the beak part.

Flatten the beak and curve it around the head beak, pin in place.

Pin the blue part over the top of the head so the white part curves over the top of the eye.

Use the white tail to stitch the white edge to the head.

Use the blue tail to stitch the blue edges to the head and across the bridge of the beak pulling it closer to the head.

Bottom beak

With the light grey yarn and the 3.00 mm hook,
Make 6sc into a magic circle

Rnd 1: 6sc

Rnd 2: (1sc, inc) x 3 (9 sts)

Rnd 3-4: 9sc

Rnd 5: (2sc, inc) x 3 (12 sts)

Rnd 6-7: 12sc

Rnd 8: (3sc, inc) x 3 (15 sts)

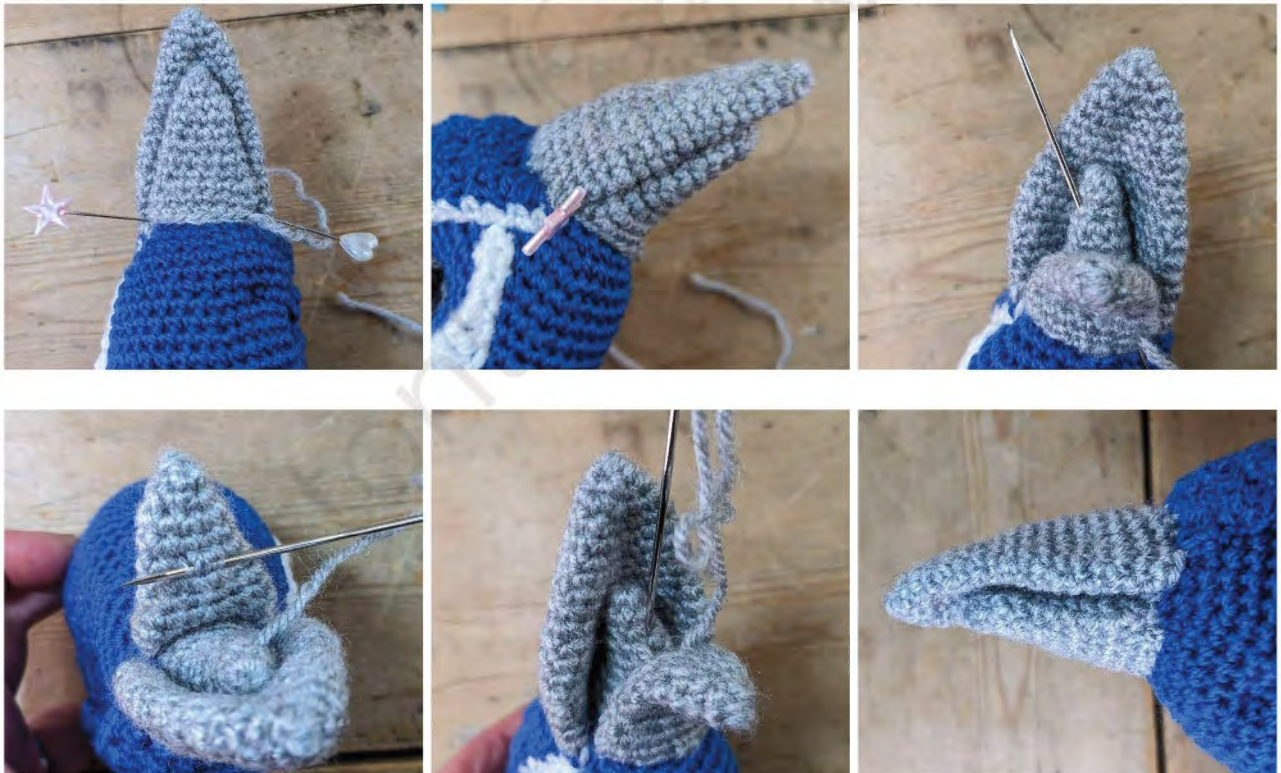

Rnd 9-10: 15sc

Fasten off and leave a tail for stitching.

Flatten and curve it around the bottom of the head beak.

Pin then stitch in place along the flat edge to the head.

Use the tail to stitch the bottom beak through to the head beak with one stitch.

Head feathers

With the Turquoise yarn and the 3.00 mm hook

Feather 1: ch10, starting in the 3rd chain from the hook, make a 4dc BOB, then 7slst back down the chain.

Fasten off and leave a tail for stitching.

Feather 2: ch11, 5dc BOB in the 3rd chain from hook, 8slst, **fo** with tail.

Feather 3: ch12, 5dc BOB in the 3rd chain from hook, 9slst, **fo** with tail.

Feather 5: ch13, 5dc BOB in the 3rd chain from hook, 10slst, **fo** with tail.

Feather 6: ch14, 5dc BOB in the 3rd chain from hook, 11slst, **fo** with tail.

Start with the longest feather and thread the ends on your needle.

Go in at the top of the head at the back of the head piece.

Go right through the head and out at the back of the head.

Then add the feathers in sequence one in front of the other.

Weave in all the ends.

Use the green yarn to add some detail with French knots, mainly around the beak and a few back up the head.

Assembly

Stitch your button to the back just above where the first row of feathers are attached.

Place the head on the end of the shawl piece at an angle and pin in place.

Fold the shawl up to check you've got the angle correct for the head.

Once you're happy with the position stitch in place along all four edges of the end piece (indicated below with the dotted line).

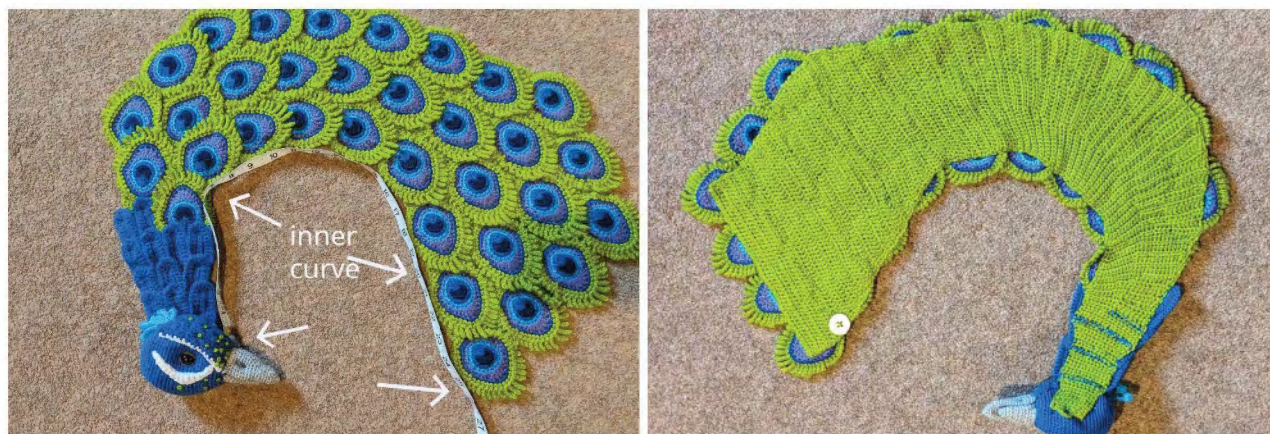

And you're finished! Well done!!!

Eye feathers

(make 31)

With the navy yarn and the 3.50 mm hook,

Make 7sc into a magic circle (I've demonstrated it in pink below as it's easier to see).

Do not pull the circle fully closed (7 sts) ch1 and turn your work to the reverse side.

Rnd 1: (1sc, inc) x 3, 1sc (10 sts)

Fasten off and leave a small tail.

Staying on the reverse side, join the blue yarn in the first stitch of **Rnd 1**.

Join the blue yarn with a slst and make your first sc of **Rnd 2** in the same stitch.

Now pull the magic circle tight.

Join the turquoise yarn in the first stitch after the slst.

Join with a slst and make your first sc of **Rnd 3** in the same stitch.

Join the light purple yarn in the first stitch after the slst.

Join with a slst and make your first sc of **Rnd 4** in the same stitch.

TIP: For this next round we will be using sc, hdc, dc and tr. When instructed to make an "inc" it will always be in sc. If the inc is with a hdc, dc or tr it will read hdcinc dcinc or trinc. The rest of the pattern will follow this same format.

Rnd 4: 2sc, hdcinc, dc, trinc x 2, dc, hdcinc, 2sc, hdcinc, hdc, 3sc, inc x 2, 3sc, hdc, hdcinc into the same stitch as the slst from the previous rnd, slst into the next stitch (30 sts)

Rnd 5: 5sc, inc x 3, 6sc, inc, 4sc, inc, (1sc, inc) x 2, 4sc, inc, 1sc into the same stitch as the slst from the previous rnd, slst into the next stitch (38 sts)

Fasten off and leave a short tail.

Join the green yarn in the 24th stitch after the slst (indicated with a pin below).

Join with a slst and make your first sc of **Rnd 6** in the same stitch.

Rnd 6: 7sc, ch2, then slst into the 2nd chain from the hook, sc into the next stitch on the rnd, ch2, slst into the 2nd chain from the hook, sc into the next stitch on the rnd, Carry on like this around the feather...

(ch2, slst into the 2nd chain from the hook, sc into the next stitch on the rnd) x 5,

(ch3, 2slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 3,

(ch4, 3slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 4,

(ch5, 4slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 3,

(ch4, 3slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 4,

(ch3, 2slst down the chain starting in the 2nd chain from the hook, sc into the next stitch on the rnd) x 3,

(ch2, slst into the 2nd chain from the hook, sc into the next stitch on the rnd) x 7,

now carry on and 7sc along the top.

Fasten off and leave a long tail for stitching (approximately 25/30 cm)

Take 10 of the feathers, tie the matching colour ends together, then weave in all the ends neatly.

For the other 21 feathers, triple tie the matching colour ends and trim then to approximately 1 inch.

Put all these to one side for now.

Plain feather sets

These will be added as you go and need to be connected together before you add them to the shawl base.

Use the blue yarn and the 3.50 mm hook

TIP - leave a tail of approx. 15 cm whenever you start and fasten off a feather.

Set 1

Feather 1 - ch14

Row 1: starting in the 2nd chain from the hook, 12sc back down the chain, 3sc into the last stitch, twist your work around a bit and 12sc down the other side of the chain (27 sts) ch1 and turn your work over so you are now working on the reverse side.

TIP - the start tail is always on the reverse side.

Row 2: 12sc, inc in the next 3 stitches, 12sc down the other side (30sts) ch1 and turn your work to the right side.

Row 3: 13sc, inc, 1sc, ch2, 1sc into the next stitch, inc, 13sc (34 sts)

Fasten off and leave a tail.

Place to one side.

Row 2: 12sc, inc in the next 3 stitches, 12sc (30 sts) ch1 and turn

Row 3: 13sc, inc, 1sc, ch2, 1sc, inc, 7sc...**Stop Here!**

Count 6 stitches back from the end of **Feather 1**.

Take **Feather 1** and line it up next to **Feather 2**.

Using only the outer loops of the stitches, join the feathers with 6slst.

Fasten off and leave a tail.

Set 2

Feather 1 - ch10

Row 1: starting in the 2nd chain from the hook, 8sc back down the chain, 3sc into the last stitch, 8sc down the other side (19 sts) ch1 and turn

Row 2: 8sc, inc in the next 3 stitches, 8sc (22 sts) ch1 and turn

Row 3: 9sc, inc, 1sc, ch2, 1sc, inc, 4sc...**Stop Here!**

Count 5 stitches back from the end of **Feather 1**.

Take **Feather 1** and line it up next to the **Feather 2**.

Using only the outer loops of the stitches, join the two feathers with 5slst.

Fasten off and leave a tail.

Place to one side.

Feather 3 - repeat the feather size of **Feather 2** and the same slst joining process to join to **Feather 2**.

Feather 4 - repeat the feather size of Feather 2 and the same slst joining process to join to **Feather 3**.

Fasten off and leave a tail.

Set 3

Repeat the feather size and joining process of **Feathers 1-3** of **Set 2**.

Set 4

Repeat **Set 3**.

So you will now have 4 sets of feathers: 2 feathers, 4 feathers and 2 sets of 3 feathers.

Put these sets to one side for now.

Forming the shawl

This will consist of a base layer which all the feathers will be added to as you go.

Reminder : When instructed to make an "inc" it will always be in sc.

If the inc is with a hdc or dc it will read hdcinc or dcinc.

With the green yarn, ch48

Row 1: starting in the 3rd chain from the hook, 46hdc back down the chain (46 sts) ch2 and turn, do this after every row until instructed otherwise.

Row 2-8: 46hdc

We are now going to start adding the feathers to the base.

Each feather will be joined starting at the 7th stitch back from the **fasten off**.

Use four of the feathers with their ends woven in for the next row.

Row 9: go through the first stitch of the feather then through the first stitch of the base layer and hdc to join, continue and join the rest of the feather with 6hdc, 6hdc through just the base layer, join the 2nd feather with 7hdc, 6hdc through the base layer, join the 3rd feather with 7hdc, 6hdc through the base layer, join the 4th feather with 7hdc (46 sts)

Row 10: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 11: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 12: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 13: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 14: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 15: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 16: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Stop here but don't fasten off.

Pin the 4 feathers to the base layer.

I find the process of stitching on the feathers a lot easier when it's done on a flat surface as it stops them moving about. This is a personal preference and it's entirely up to you how you do this.

Thread the tail end of a feather and go through the back layer.

Weave the end down to the bottom edge of the back layer.

Then use the tail to stitch the feather to the bottom edge of the back layer.

Stitch the sides of the back layer to the two outer feathers.

Weave in the start tail.

Back to the pattern...

Row 17: join a feather with woven in ends with 7hdc, 6hdc through the base, join the 2nd feather with 7hdc, 6hdc through the base, join the 3rd feather with 7hdc, 6hdc through the base, join the 4th feather with 7hdc (46 sts)

Stop here but don't fasten off.

Take the last feather and gather up the tied ends into the middle.

Pin the feather to the base with a couple of pins making sure you keep the ends in the middle.

Repeat for the other 2 feathers with ends.

Pin the feather with woven ends.

Starting with the first woven in end feather at the edge.

Thread the tail end on your needle and pick up a small stitch from the base layer just under the start of the feather.

Then go through the green part of the feather roughly 1 cm along from the base stitch.

Try and make your stitch to the base layer as small as you can, enough to secure the feather but not large enough to be seen from the back.

Go back through the feather with a small back stitch, then go back into the base layer picking up another small stitch.

Pull your stitches fairly tight to secure the feather in place but don't pull so tight that you pucker the feather.

Keep a close eye on your tension so the feather lies as flat as you can make it.

Come back through the feather roughly 1-2 cm along, then back to the base.

Carry on in this fashion until you reach the edge of the base piece.

Turn the whole thing over and stitch the edge of the base layer to the feather.

Weave in the end.

Now start on the next feather making sure the tied colour ends are still in the middle of the feather.

Stitch around the feather as you did with the first one but this time keep going until you reach the other end of the feather.

Go through to the back and weave in the end.

Repeat for the other 2 feathers.

Back to the pattern...

Row 18: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 19: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 20: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 21: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 22: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 23: 1dc, dcinc, 41dc, dcdec, 1dc (46 sts)

Row 24: 1dc, dcdec, 41dc, dcinc, 1dc (46 sts)

Row 25: join a feather with woven in ends with 7hdc, 6hdc through the base, join the 2nd feather with 7hdc, 6hdc through the base, join the 3rd feather with 7hdc, 6hdc through the base, join the 4th feather with 7hdc (46 sts)

Stop here but don't fasten off.

Stitch down all four feathers as you did for the last set of feathers.

Back to the pattern...

Row 26: 1dc, dcdec, 40dc, dcdec, 1dc (44 sts)

Row 27: 1dc, dcdec, 38dc, dcdec, 1dc (42 sts)

Row 28: 1dc, dcdec, 36dc, dcdec, 1dc (40 sts)

Row 29: 1dc, dcdec, 34dc, dcdec, 1dc (38 sts)

Row 30: 1dc, dcdec, 32dc, dcdec, 1dc (36 sts)

Row 31: 1dc, dcdec, 30dc, dcdec, 1dc (34 sts)

Row 32: 16dc, dcdec, 16dc (33 sts)

Row 33: join a feather with 7hdc, 6hdc through the base, join the 2nd feather with 7hdc, 6hdc through the base, join the 3rd feather with 7hdc (33 sts)

Stop here but don't fasten off.

Stitch down all three feathers as you did for the last set of feathers.

Back to the pattern...

Row 34: 16hdc, 14dc, dcdec, 1dc (32 sts)

Row 35: 16dc, 14hdc, hdcinc, 1hdc (33 sts)

Row 36: 17hdc, 13dc, dcdec, 1dc (32 sts)

Row 37: 16dc, 14hdc, hdcinc, 1hdc (33 sts)

Row 38: 17hdc, 13dc, dcdec, 1dc (32 sts)

Row 39: 16dc, 14hdc, hdcinc, 1hdc (33 sts)

Row 40: 17hdc, 16dc (33 sts)

Row 41: join a feather with 7dc, 10dc, 16hdc (33 sts)

Row 42: 16hdc, 14dc, dcdec, 1dc (32 sts)

Row 43: 13dc, join a feather with 3dc and 4hdc, 10hdc, hdcinc, 1hdc (33 sts)

Row 44: 17hdc, 13dc, dcdec, 1dc (32 sts)

Row 45: 16dc, 9hdc, join a feather with woven in ends with 5hdc, hdcinc, 1hdc (33 sts)

Stop here but don't fasten off.

From here onwards you can either stitch down each feather as you attach them or you can leave them all until the end. I found it easier to wait until the end so I could line them all up and pin in place before stitching, but it's entirely up to you.

Back to the pattern...

If you didn't stitch the feathers down as you went now is the time to stitch them all down.

Pin them down with the end tails tucked in as before or the woven in end feathers.

Once you're happy with their placement, stitch down to the base layer as before.

We are now going to start adding the 4 sets of plain feathers.

Set 1 will be joined to **Row 107** with 8sc.

You will need to make 4sc through each feather, spaced out as shown below.

TIP - use the blue tail ends along with the green ones to avoid weaving in the tails at the back.

Row 107: go through the first stitch of the plain feather and then through the first stitch of the base layer and sc to join them (use both the green and the blue tails together), join in this way for the next 3sc.

Go straight into the next feather. Drop the tail from the first feather and grab the tail from the new feather and join with 4sc.

Drop the blue tail and 1sc in the base, join an eye feather with woven in ends with 7sc (16 sts) ch1 and turn

Stop here but don't fasten off.

Pin the plain feathers to the base.

Starting with the outer feather, use the tail end to stitch the feather to the side of the base piece at the back.

Use the tail end of the other feather to stitch through the base then back through the feather.

Weave in the end through the feather back and forth.

Pin down the eye feather and stitch in place as before.

Back to the pattern...

Row 108-112: 16sc, ch1 and turn

Row 113: join **Set 2** of the plain feathers with 16sc as before (16 sts) ch1 and turn

Row 114: 16sc, ch1 and turn

Stop here but don't fasten off.

Pin and stitch the plain feathers to the base as before.

Stitch the edges to the base layer and stitch the end tails to the base layer and back through the feathers to weave in.

Shaping the face

Thread your needle with a length of the blue yarn.

Go in near the front of the eye and straight through the head to the other side.

Go back into the head roughly a stitch away from where you came out.

Go through the head again and come out next to the eye near to where you initially went in.

Pull the yarn tight, moving the two sides of the head closer, then tie in a secure knot.

Repeat the process for the back end of the eye.

Weave in all the ends.

With the dark grey yarn to make two slip stitches around the top and one around the bottom of the safety eye.

Use the back of the head to hide your working as it won't be seen once the shawl is put together.

Fasten off.

Tie the grey, blue and white ends together and tuck them inside the beak part.

Flatten the beak and curve it around the head beak, pin in place.

Pin the blue part over the top of the head so the white part curves over the top of the eye.

Use the white tail to stitch the white edge to the head.

Use the blue tail to stitch the blue edges to the head and across the bridge of the beak pulling it closer to the head.

Bottom beak

Head feathers

With the Turquoise yarn and the 3.00 mm hook

Feather 1: ch10, starting in the 3rd chain from the hook, make a 4dc BOB, then 7slst back down the chain.

Fasten off and leave a tail for stitching.

Feather 2: ch11, 5dc BOB in the 3rd chain from hook, 8slst, **fo** with tail.

Feather 3: ch12, 5dc BOB in the 3rd chain from hook, 9slst, **fo** with tail.

Feather 5: ch13, 5dc BOB in the 3rd chain from hook, 10slst, **fo** with tail.

Feather 6: ch14, 5dc BOB in the 3rd chain from hook, 11slst, **fo** with tail.

Start with the longest feather and thread the ends on your needle.

Go in at the top of the head at the back of the head piece.

Go right through the head and out at the back of the head.

Then add the feathers in sequence one in front of the other.

Weave in all the ends.

Use the green yarn to add some detail with French knots, mainly around the beak and a few back up the head.

Assembly

Stitch your button to the back just above where the first row of feathers are attached.

Place the head on the end of the shawl piece at an angle and pin in place.

Fold the shawl up to check you've got the angle correct for the head.

Once you're happy with the position stitch in place along all four edges of the end piece.

And you're finished! Well done!!!
